Selling on behalf of an elderly friend who has purchased a new car. This vehicle has been looked after very well and comes with a good service history and an MOT until July 2016. Although it has covered 82,000 miles, it is priced accordingly and has power steering and all the normal electric extras. For the year and mileage it is in exceptional condition. Just 1 previous owner. A few minor dinks and the odd scratch. Full major service carried out in July 2015 costing nearly £500.00. First to see will buy. Thank.
