What we have here is quite probably the best super naked sports bike to hit our English roads, Triumph have hit the jackpot. First launched in 1994 Triumph have managed to rack a massive sales log of over 64000 units and in 2011 it got even better.! Triumph turned what was already a sensational bike into something utterly magnificent. The whole bike was given a completely face lift remodeling all most everything from its style right the way through to a revised ECU, exhaust and airbox. The bike pulls like a steam train and has non stop power right across the board. The ride and handling is comprehensible sublime due to a new frame, differently placed engine and superb ergonomic design. All in all triumph have completely out done them selves with the 1050!! This stunning all white example is exactly that and more, due to some lovely little extra consisting of twin Arrow exhaust system, Genuine Triumph fly screen, heated grips and an R&G tail tidy. the bike is in exceptional condition and has been beautifully maintained. The bike will also come with our 12 month warranty and roadside assistance, HPI checked, FSH, MOT and.
