Grey 2006 Mini Cooper S, 91,000 miles, petrol, 170 bhp, service history, Xenon headlights, Alarm, 17" Mini alloy wheels, Aux input in glove compartment for iPod/mp3 player, official Mini hard ware rubber mats, 12v charger point, original superb Harmon Kardon speakers, half leather seats, brushed metal style dashboard, run flat tyres, air con, John Cooper Works black front grille, John Cooper Works tailpipe exhaust, MOT until 29th March 2016, good condition, few small stone chips on the bonnet as all Mini's tend to get but not noticeable (see photo's) and other than that bodywork is perfect, all 4 tyres changed a few months ago, just had new middle and back section exhaust fitted (cost £600).

Unfortunately has to be sold due to now having a company car, loads of power in a small car which is great fun to drive, always put's a smile on your face and looks/sounds great too, will be disappointed to see it!
