A good economical and reliable bike. Only done 5200 miles from new. reg date 09/09/2010 taxed and moted till August 2016. Has been serviced recently using full synthetic high quality motor oil. Has never let me down, runs very well. Has a few scratches, nothing too bad. I have work abroad for a year, so selling. Comes with cover and heavy duty cable and waterproof lock. Can be ridden by a 16 year old and a person with a full car or bike license. Great commuter, traffic is no problem. Does way over 100 mpg. Has good handling and strong brakes. Will be sad to see it.
