This is a much loved and very useful wardrobe, but sadly does not fit in the room that I now need hanging space to be in. It has a few marks as the result of building refurb, but nothing bad. It has mellowed to a lovely colour. It has to dismantle to go down the stairs..... so best done at point of sale so that you can see just how it goes together again. (I have put it together on my own, but it is def. easier with two.) The alternative is for it to be manhandled out over a Juliette balcony (which is going to be fitted very soon), and down to the lower level outside with ropes? ;
