This is an Ashdown MAG 410T Deep 4x10" bass cab rated at 450W. This is an excellent quality (like new) bass cab that has hardly seen any use. In terms of performance its a real work horse of a cab that will do most gigs proud. Will give you some serious volume and low end if needed. Only selling as i now have several bass cabs and running out of space! Cab contains 4 x 10" speakers plus a tweeter
