There has been a very noticeable trend of riders choosing super-Motard style bikes over conventionally configured machines over the past few years. This has resulted in there being a good selection of home-made examples out there using standard bikes with after-market rims and hubs etc. Now Honda has come up with the goods without you having to go to all that effort of doing it yourself. They have taken their popular CRF250L that has been selling in huge numbers and presented it in the Supermoto styling. This comes in a choice of red and black like this one, or a more understated all black version with gold trims and rims. This offering is our own demonstrator that was then not used as we ended up having a couple. It is offered with a huge saving on price compared to the standard Honda RRP just for the sake of it. Even at this price, we would not only welcome a part-exchange, but actively encourage it too. Give us a call FREE on 0800 975 2669 and let us know what you have got at the moment? We are open 7 days a week throughout the year, so if you want to come along and take a look at it in the flesh, you are welcome to. The regular Honda 2-year warranty and road-side assistance comes with the machine as standard and this is no exception. Please note though, that the DVLA's vehicle first registration fee and road tax will have to be added to the price upon its sale. \* Please note that the model derivative relates to the model specification year, not the year of manufacture or the date of original registration. If you would like to know more about how this model's specification differs in comparison to earlier or newer models please ask a member of our staff on 020 8668 8851 or contact us here.
