Fancy a taste of the Good Life? We would like to share our life with you, everybody is welcome, we all need somebody, older people that need a friend, a helping hand, being cared for when ill, you never need to feel alone again, sharing life time experiences, knowledge, you all have so much to offer. You do not need a fortune to live here, no rates, no water bills, you can have solar for electricity as we have much sun, food is much cheaper plus you can grow your own, farm fresh eggs etc. If you're over fifty and looking to make a big change or take the next step toward simpler living, this may be for you. On the South West Coast of Portugal in the district of Alentejo, we have a small holding and animal sanctuary. We have been trading in farms across Europe for 25 years but have now decided to make Alentejo our home. We have dreams of creating a older community of trustworthy and friendly folk to live on the land alongside us, living the simple life - growing food, building eco-friendly structures and of course having a wonderful social group to spend time with. We can provide meals in return for your help growing food, looking after the animals, and anything else you would like to bring to the table. We will help you arrange your own accommodation - caravan, yurts, tipis, live-in vehicles - or why not build something! Resources are easy to come by. We can help you arrange a cheap caravan whilst you get established. Eco friendly house by arrangement. House space available for conversion maybe for disabled or older. If this sounds too good to be true, it may be, as we have limited space for new friends. Do get in touch so we can secure your place now. Please consider calling 00351932604589 Have a great day. Please do not call the UK phone number Thank.
