This is a superb example of Triumphs brilliant Daytona 955i in what we regard as the best colour of Caspian Blue Pearl, it really does look stunning and has a few practical accessories fitted to enhance it even further, a genuine Triumph colour matched rear seat cowl (comes with the rear seat as well), carbon oval exhaust with a removable baffle made by the Carbon Can Company, matching carbon mini indicators, fairing protectors, tail tidy and a tank pad. It has been looked after mechanically as well as it has cosmetically and so comes with a full service history documented in the original service book as well as old MOT's and service bills, it even has the original tool kit under the seat. Motorcycle News said, "The Triumph Daytona 955i is an extremely rapid, sweet handling superbike." This is a lot of bike for under £3000! As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £2995
