Here we have a very good example of a Honda CBR600. Not as extreme as the r or rr this is a brilliant all rounder machine. New tyres have been fitted to the bike so no need to change them for a while! Top spec engine protectors have been fitted just in case the worst should happen. Fitted with a double bubble screen for an extra bit of wind protection. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. A Lust racing lowering kit has been fitted to lower the bike 30 mm. It also comes with the standard linkage so can be returned to stock if you wanted. The paintwork has a few small stone chips. The bike has been HPI checked and a Certificate will be presented with the bike. Viewing is welcome any time and we guarantee you won't be disappointed. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us know! Give us a call for more info or pop in and view at CMC Cannock. *NOTE: Alarms can be fitted to any bike at an additional**
