

Twist and Lock Leaflet Dispenser Printing

Location

South West, Hampshire

<https://www.freeadsz.co.uk/x-200587-z>

At Better Printing, our low cost, printed leaflet dispensers are digitally printed for lower quantities and litho printed for higher quantities. The perfect way is to showcase your information, services and promotional literature.

They're then laminated for additional protection and durability, mounted onto a 2000mic white cardboard, and die cut to shape. Our Twist and Lock Leaflet Dispensers will hold approximately 100, 2 page, 170gsm DL or A5 leaflets. We guarantee delivery of your finished leaflet holders within 3-5 working days of proof approval.
