Grammar Awareness (30 hours) Online Course: £35.00 For English language graduates and TEFL trainees/teachers. This Short Course will effectively introduce you to the fundamental structures and concepts that underpin the English language and will prepare you to teach these same lingual models to your students. Although this course does not explain all the rules and nuances of English grammar - it does cover the basics of grammar. Instead of merely providing complex explanations, it is designed to make you think about how English works.
