Audi TT 225 Black (60,000 miles, HPI Clear)

I have owned this car for over a year now its been an amazing car for this time i am having to sell due to the need of a bigger car for doing up my house.
 it has full service history and has only 3 owners from new. 12 Month MOT I had lots of work done on this car when i got it to prevent and fix any common problems i found accosted with this car as follows:

- . Both power steering lines
- . Thermostate
- . Rocker cover gasket
- . Timing belt
- . Windscreen wiper mechanism

I will be sad to see it go, it's a proper luxury sports car that packs a punch when needed.
 No modifications what so ever just general and regular maintenance.
