My description is accurate and honest and the car is priced accordingly. Pros: 12 months mot, extremely low mileage(88000) all new discs and pads,air con, climate control, service history, excellent mechanical condition, interior good condition, trip computer, 6 disc CD player, excellent workhorse, roof bars, heated front and rear windscreen. Cons: exterior is a bit scruffy but not obscene, may need 2 front tyres. Car is priced according to its condition so no silly offers please. This is a genuine car sale so please come and have a look, you will not be.
