In immaculate condition, this sturdy kids bed is made from scandinavian pine and has the highest quality look and feel.

It comes with an integral bedside table which pulls out into a large desk, a set of 4 drawers and a versatile cupboard. The cupboard and drawers are interchangeable making the best possible use of space in a smaller bedroom.

My son has loved it - especially building dens in the space behind the drawers underneath!

It was bought for £1000 from Barker and Stonehouse - now offered at the bargain price of £250, from a smoke-free and pet free.
