Large load capacity With 8 kg to play with, this tumble dryer is large enough to suit any busy family. To put this in perspective, you could dry up to 22 hand towels in one cycle. Sensor drying programme Thanks to sensor technology, the Beko DCX83100B can identify the moisture level in the drum and automatically stop your load when the correct dryness is detected. Preventing over-drying, this clever feature helps you save time whilst providing better protection for your clothes. Never plan your day around laundry Programming each cycle has never been easier when using the DCX83100B's LED digital display, which keeps you informed by showing the time remaining until the end of the programme.
