companion broodmare or project to very experienced person only!!

PLEASE READ ALL THE ADD

£100

15hh 9yr old Hackney x Tb bay mare

I've had indie 2 yrs she's the most loving mare I've ever met very gentle. Now she's has a bad start in life and was passed about a lot! She has a dent in her withers due to a carting accident, she also has a pollen Allergy, which causes her to be snotty and sometimes coughs. (this has been confirmed by the vet) now I'm selling her as a companion only (it's up to you if u have the time and knowledge to bring her back in to work) as she has been known to buck and I've lost my confidence with her she's only bucked twice as I believe this is because she's cold backed and I didn't lunge her before I rode (if lunged she's fine) and it's happened in October both years, she doesn't jump and is green on the road but fine in the school. So if bought for ridden use she will prob need a lot if work, Due to her past indie is a one to one horse she needs to learn to trust u as she can be wary, she needs an understanding home! I don't want her going to a novice so must be experienced!! She's a fab nanny horse loves foals. She's up to date with farrier teeth and worming. Also has sweet itch but managed with kill itch and a fly rug, very hardy can live in or out and lives on thin air so doesn't need a lot of feed! This is very heart braking for me as I promised myself I'd never sell her but I just can't give her the time with my health. And financially can't afford to keep her anymore Homes will be vetted based in Surrey I can't deliver as my box is off the road . I haven't had her back checked as I don't have the funds to do so and she doesn't come with tack!

Please no nasty comments! Due to two times wasters her stable is needed ASAP and I can no longer

afford her so must be a quick
