Car was serviced by dealer for the warranty period, and then was serviced by myself every 12 months. Changed the oil every 6 months, and all this is documented in the service booklet! It's a 1.2, 16v. Longlife stainless exhaust, Alpine iPod USB headunit, JLB sub and amp in boot (amp is mounted on the back of the sub), 17" Infiny J17973570SKUAZ Skull rims, with McGard locking nuts, Angle eye headlights, with HID conversion (6000k or 8000k - can't remember which bulbs), plus DRL's just under the number plate. Its comes with MOT till April 2016 and its still taxed. I won't mind offers but no time wasters please. Contact.
