Sony Ericsson x10pro ANDROID SMART PHONE is perfect but used condition. has the obvious features , 5mega pixel camera. Memory card slot, touch screen & qwerty keyboard, wifi & app market. Texts and calls well. Was used on orange ... But tried an o2 sim & worked fine.. So I know it allows those two networks. However it did no allow virgin.. So I'm unsure if unlocked. Although I doubt if it'll cost much to unlock. great little phone! Comes complete in box with manual and charger!;
