This was a turn of the (last) century chair in very poor condition until we got our hands on it - look at it now! It has been rebuilt from the ground up, with its original parts but treated, reglued and screwed, fitted with a wood seat base and modern foam although the velvet covering is reclaimed. It is still old though which is why we are classing this as a bedroom chair for occasional use. It is the BLUE seated chair in the photos - other pics are for reference only as they show the frame colour better... Thrupenny's retro gift shop sources locally where ever possible, to bring you small quantities of quality goods not found elsewhere... We deal in short runs of quality products so our stock is constantly changing and growing... We pride ourselves on being customer driven so you get what you want, when you want it, at a price that is fair! The gift items we sell are new but must meet our exacting standards, not just of quality and price, but in fulfilling our shop policy of 'Second Life or Second use'. This ensures that either the products is reusing materials, such as glass, wood, cloth, or can be reused, like our gorgeous tea cup candles and bath bomb baubles... In line with our 'Second Life, Second Use' philosophy we also have an eclectic selection of vintage collectables, costumes and upcycled decor/furniture. To search for an item, or to see our current items, go to our FB page, photos, albums and find the album closest to your search, you may have to scroll through a lot as we try to photo from all angles - alternatively, leave a message and I will find the item(s) description/photos for you
