

VW Campervan T2 1974 (4,270 GBP)

Location **South West, Avon**
<https://www.freeadsz.co.uk/x-213080-z>

This is Tilly, my beloved T2 whom I've had since Feb 2006 but due to unfortunate changes in circumstances I must reluctantly pass on to a new and hopefully equally loving owner. I bought her from an old colleague who had imported her from Australia in 2000 (still have all import documents) and over the past, nearly 10 years, have slowly but surely refurbished the majority of her. She's always been solid as a rock and virtually rust free (check out the photo of her underneath to see how clean she is) but over the years I've done the following: New recon engine in 2006 (has only covered a few thousand miles since)

Respray in original 1974 colours

New interior including units, fridge, cooker and all seat coverings

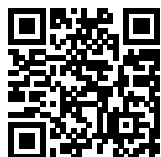

New electrics to include 12v lighting and mains hook up in engine bay

New headlinings and
