Location **West Midlands, West Midlands**
<https://www.freeadsz.co.uk/x-213460-z>

I use micro rings which the hair is then sewn through to attach the weft, also known as a braidless weave.

Good for those who do not like bulky and itchy braids. Perfect for all hair types.

Can last up to 6 weeks without maintenance.

Install 2-4 hours

In order to build a portfolio I am charging £50 if clients allow me to take pictures of their install.

I am a mobile extensionist and serve Wolverhampton, Dudley and Sandwell. Further afield will incur travel costs.

Please note - hair is not included in this price, this is for installation only but I am happy to purchase hair on clients.
