Digital Anal 2015 The engine and gear box on the vehicle are in tip top condition it does not burn any oil, it starts first turn of the key and sounds lovely.  
 Gearbox is spot on also. It has a nice positive gear change, no crunching or whining, clutch is spot on and bites nicely at half paddle.  
 Brakes work as they should very positive braking with No juddering or pulling left or right.  
 Handbrake works as it should, holds the vehicle positively in place when parked.
