The DSG gearbox in simple terms means changing gear is absolutely effortless, you'll barely even feel it happen! Combine that with the 1.2 TSi engine that's the same as they use in the Polo, Leon, Fabia and all the rest and you're laughing. It feels wonderful as you pull away with the Turbo charged engine making it difficult to tell this apart from a much larger 1.6 engine (The Turbo's incredible). It has had just the one owner from brand new, having been registered in September 2012 and since covering just over 10,000 miles makes this a hard one to compete with! This really is a very well looked after car with a brilliant history and from a garage that has a reputation that's almost shockingly good for a car dealer! Do let us know of any questions you might have on this as I understand it to be difficult to cover everything in an Auto-trader ad despite our best efforts. Thanks for looking in!
