here i have a mondeo st220 in blue,Black Leather and Matching wheels. The car runs well with everything as it should apart from the rear bumper and age related marks and wheels can do with a refurbishment. The car comes with xenon lights nice condition leather interior only 93000 with 4 previous owners also hpi clear never been in any domestic.

I have priced the car accordingly to the marks and wear to the car so you can look around and make a reasonable offer.At viewing would be appropriate..

Any question please don't hesitate to contact me through email,phone or even text i will instantly. Thanks you for reading and looking my contact number is
