Professional, affordable Landscaping services available in and around Leicestershire (we also cover Rutland and Warwickshire) We have an excellent relationship with our Timber supplier and can offer some of the most competitive rates around on Decking and Fencing installations. We offer a repair service as well as full replacements and can supply any and all Fencing materials on a fully fitted or supply only basis. We install more decking than anyone else in Leicestershire and specialise in bespoke decking systems, designing decking to fit the space you have available. We never use cheap decking kits and our timber exceeds that available in DIY barns such as B&Q by some margin. In addition to Decking and Fencing, we're also skilled in construction and can install/repair paving and patios, shed bases and Driveways too. We supply and install aggregates and also produce our own hand-made, custom built Pergolas, Planters and Garden Gates. For more information, or to arrange a site visit in order to obtain a free written quotation, use the contact details supplied here or visit our website. ;
