Ford Transit Instrument Cluster Repair (2003-2006) £99 The Ford Transit Instrument Cluster repair is quite a common fault. On this type of Odometer it is usually caused by internal components breaking down within the Instrument Cluster.

The repair is carried out by fully qualified electronics engineers and involves stripping down the Instrument Cluster and replacing internal faulty components to rectify the problem. We do not offer "quick fix" we actually replace the faulty parts with new ones required for the Ford Transit. Your mileage reading will stay intact, so there is no need for mileage correction.

Your Ford Speedo can be repaired at a fraction of the cost compared with the price of purchasing a new one. **COMMON ISSUES** Failing Warning Lights Ford Speedometer Problems Flickering Cluster Complete Power Failure Pixels Failing on screen
REPAIR PROCEDURE

1. Remove the cluster using the instructions on the website
2. Fill out and print our job form on our web site. If you don't have a printer please write the information manually including your post code on the outside of the box for our reference.
3. Sign the form, cut off the address label and secure to the front of the box.

4. We will recommend to provide Royal Mail Special Delivery
5. When we have received the cluster and have repaired it we will call you to confirm via telephone

WARRANTY AND TURN AROUND

We offer a Lifetime Warranty (T&C's Apply), usually with a 24 hour turn around by post.

If you come to our workshop in Waterlooville (near Portsmouth) we are able to offer a friendly 90 minute fast track service. (Appointment only)
