

## SKODA YETI INSTRUMENT CLUSTER DASH SPEEDO CLOCKS REPAIR

South East, Surrey Location https://www.freeadsz.co.uk/x-214768-z

SKODA YETI (5L) INSTRUMENT CLUSTER REPAIR (2009-) £150

The Skoda Yeti Dash failure is quite a common fault. On this type of Odometer it is usually caused by internal components breaking down within the Instrument Cluster. The repair is carried out by fully qualified electronics engineers which involves stripping down the Instrument Cluster and replacing internal faulty components to rectify the problem. We do not offer "quick fix" we actually replace the faulty parts with new ones required.. Your mileage reading will also stay intact, so there is no need for mileage correction.

Your Skoda Speedo can be repaired at a fraction of the cost compared with the price of purchasing a new one. COMMON ISSUES

Failing warning lightsSkoda Speedometer problemsFlickering clusterComplete power failurePixels failing on screen
