2010 60 Ford Transit T280 Short wheelbase 2.2TDCi, factory white, elec windows, driver arm rest, hill start, ipod aux plug bulkhead etc were delighted to say that this one is a beautifully clean and sharp Transit van, its travelled a very well cared for 87000 miles and its clear for all to see that this one hasn't been abused in any way. Fully checked by our onsite workshops with supporting paperwork if your looking for a no hassle clean reliable van with the correct story please give us a call having sold vans on this same site since 1978 I think its fair to say we know a good van from a bad one... we only sell the best. Many thanks Barry Clarkson (if you call ask for me I'm always)
