Avoid this pharmacy if you can . Terrible experience with leopharmarx fake moddalert pharmacy in USA. I placed an order with 3 weeks lead time. they mischarge, and their delivery service is even worse. please don't put yourself through going there if you need prescriptions. it will ruin your day. Overall, leopharmarx fraud moddalert pharmacy in USA this pharmacy felt scammy and something as simple as filling a prescription shouldn't take days, anguish, phone tag, confusion, rage etc. AVOID!!! This company is horrible! DO NOT USE THEM!!! No call backs as promised, and when I called them back, the rep still gave me the run around. Seriously! Dishonest and bad business. I will go back to my dermatologist and make sure she does not recommend any more of her patients to use them.
