This Monster 1200-S is in immaculate condition, it may as well be a new bike! Looking resplendent in the classic Ducati red, this one-owner bike is serviced up to date and has less than 900 miles on the clock. S-spec means Ohlins suspension front and rear as well as a carbon front guard and more power than the standard Monster 1200. The additions of Ducati Performance tinted screen, billet brake and clutch reservoirs and tank and rear seat bags set the bike off nicely. HP or PCP finance and nationwide delivery available, call Andrew or Julian for more.
