Misty is a 15.3hh 10 year old Irish mare who's looking for another special person to share her 2-3 days a week. Unfortunately I don't have enough time to spend with this precious girl at the moment due to college and work commitments so I am looking for a trustworthy and reliable sharer to enjoy her a few times a week. Misty is my first horse and has been a great confidence giver and an absolute saint! She is good to hack out alone or in company, good with heavy traffic including tractors and doesn't get fizzy in open spaces although she does do the occasion silly spook, generally at sign posts or birds (all very scary things of course!). Misty is also good to school and works in a lovely outline but can be lazy if allowed to be! She enjoys her jumping, but this is not something I have done a lot of in the year I have had her as I was a very nervous rider. Misty has a fantastic temperament and loves cuddles, she can have her mareish moments on the ground but this is very rarely. We are looking for a financial contribution of £125 a month towards her up keep. Misty is kept at a yard in Chelwood gate with a school on site and good local hacking (20 minute ride onto ashdown forest). If your are interested please give me a!
