The black Versus Touchpad 8GB tablet is a compact 7-inch tablet using the Android 4.0 operating system, with a ARM Cortex A10 processor which allows for fast browsing of Internet pages. It uses Flash 11, to allow playback of most video formats. This tablet also plays audio files, as well as allowing users to perform day-to-day tasks, such as checking emails. The weight of the unit is 0.4 kg (0.882 lbs), making it portable. This 7-inch tablet is Wi-Fi ready, making the Internet accessible anywhere there is a Wi-Fi signal. The Versus touchpad has the built in applications with the ability to download apps from the play store.
