

Twins Taping Ltd.

Location

East of England, Essex

<https://www.freeadsz.co.uk/x-217062-z>

Twins Taping Limited offers a high spec tape and jointing service for both residential and commercial projects. With over two decades of experience behind us we offer a very high standard finish even with the most detailed of works. We understand that deadlines are very important in the construction industry and meet agreed deadlines every time. Tape and jointing as a trade involves the process of sanding down and this does create a certain amount of dust therefore we use dust extractors fitted to a drywall sander to keep dust down to a minimum keeping our surrounding work environment happy. We offer very competitive prices either to supply and fit or on a labour only basis. We use British Gypsum materials as we believe it's the best but will happily use other brands of materials on request. We are based in Essex and cover London and the South East but will work nationwide given notice.
