Having an issue with your Smartphone mobile phone? No Problem. We can repair almost all brands of Smartphone; touch Smartphone and kind parts of Smartphone whatever the fault. Smartphones are very fragile machines and are easily dropped and damaged. They can also be very expensive items and can cost a lot more money to replace these items, as opposed to fixing them. Our Smartphone technicians can carry out repairs and replace parts on nearly all Smartphones. This is usually much cheaper than replacing the whole unit and the item will look and feel like new when we are finished with it. Common faults that occur with Smartphones that our technicians deal with are smashed LCD or LED screens or touchscreen glass, hardware problems, software problems, hard drive problems, charging or power issues and damaged or faulty sockets. Here are some of the popular brands and models of Smartphone we can repair: Samsung Galaxy S3/S4/S5 Samsung Galaxy Alpha Samsung Galaxy Note 2/3/4 Google Nexus 5 OnePlus One LG G2/G3 Sony Xperia M2, Z, Z1, Z2, Z3 HTC One M7/M8 Blackberry Passport/ Z30 Huawei Ascend P7 Asus Zenfone 5 and 6 HTC Desire 816, 610, 500 EE Kestrel Motorola Moto E/G Nokia Lumia 1320, 1520, 930 These are just some of the popular smartphones we can repair. If you have any other type of smartphones please leave a description of the model and the fault you have in the form below. All you have to do is contact Duotech Electronics, give us your smartphones make/model with your fault and we will get back to you helping you get your smartphones fixed.
