2012 Toyota Hilux HL2 2.5 D-4D Double Cab 4x4. It has full, main dealer service history. Mileage is just under 79,000. Starts fine every time, with no oil leaks or over heating issues at all. Have driven it on a 2000 mile road trip with no issues at all. Very well built and surprisingly quiet to drive. There's very little wind or road noise on motorway driving, and very comfortable. Has two keys (both have the central locking buttons). Has full remote central locking and electric windows, which all function as they should. Truckman rear cover - unlocks with the car's central locking. Has two keys also. Windows on it are tinted, and side windows slide open.
Rear bed is lined and has a bed rug.
Rear tow bar with ball and pin attachments, and light electrics.
Parrot hands free kit (missing red button cover, but still works fully).
BF Goodrich All Terrain tyres.
Generally very good condition vehicle, and mechanically.
