White, 4 owners, This is a road registered 2013 model in good clean condition. The EVO range was completely revised in 2013 with new frame, new plastics, improved ergonomics and greater versatility. The 2013 EVO was the first trials bike in the World to use a frame where the main section is obtained by hydro forming with all the advantages that this technology allows. Ease of maintenance, friendly riding, and ergonomics are further improved on the 2013 bike by raising the bar to an even higher level of quality in the EVO family. It is a powerful and easy for riders of any level, the bike is extremely versatile with a great travel range. The 2013 EVO is therefore an excellent bike able to compete at the highest levels in national and international competitions and at the same time allows hobby riders to discover how easy the EVO is to ride. The North West's finest family run motorcycle dealership, £3,450 p/x
