I have finally decided to move over to contract so am selling my phone.

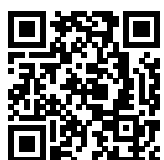

All seems ok but to be honest I have hardly used it, only for calls and texts and a few emails. Front has a few wear and tear surface scratches but I don't think anything too bad.

I am including all accessories which are as new/unused as this phone replaced my old one which was identical. I used my old charger.

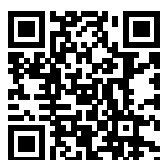

Box is like new and contains instructions, earphones, charger, cables, white back for phone etc as photos show. I am also including a spare funky case, identical to the one on the phone. I brought 2 cos I liked it!! will include the SIM which has over £25 credit with O2 PAYG for an additional £20. There is a memory card in phone but this could probably do with upgrading as minimal storage. Collection please from RH17.
