Here we have an excellent example of the 2010 Yamaha YZF R1 Big Bang. A Tail tidy has been added to the bike to give a more racing look and de-clutter to back end. Top spec engine protectors have been fitted just in case the worst should happen. Fitted with a double bubble screen for an extra bit of wind protection. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. Fitted with Datatag protection, a favourite for insurance companies. The bike comes with all original keys and manuals as were supplied new. This bike has Full Documented History including services, MOT's, tyres and more and has had no expense spared in maintaining it. Being Fitted with Adjustable Brake and Clutch levers enables the rider to set up the bike as they want it. The bike has also been fitted with a performance exhaust, this allows a little more of a growl upon acceleration and also allows the throttle to be a lot more responsive. The bike is also fitted with LED Indicators, these not only look fantastic but give a brighter more visible illumination. The bike has been HPI checked and a Certificate will be presented with the bike. The paintwork has a few small stone chips but you really have to be looking for them to notice. Viewing is welcome any time and we guarantee you won't be disappointed. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us know! Give us a call for more info or pop in and view at CMC Coleshill. \*NOTE: Alarms can be fitted to any bike at an additional\*\*
