This is a great little car I am only selling it to get something a little faster. It has the usual wear and tear for a car this age but it is in good condition and starts every time. It is very cheap to run and also cheap to insure. It hasn't caused me any trouble in the 18 months since purchasing the car and has always been reliable. It has a 1.2 litre engine, power steering, central locking and electric Windows. I can provide the wheel trims for the front wheels, they were only removed when brakes were changed and never put back on. Please contact me if you would like to view the car or if you have any.
