Private Livery Yard now has one vacancy available. This yard is lovely and well maintained throughout Stable 12 x 10, rubber matting throughout. With haybar. No haynets needed. Would prefer someone that is happy to go on wood pellets as these are cost effective and easy to maintain. Menage is 20 x 40, with recently resurfaced. Lovely to ride on (we are heavily into dressage) Lush grazing and fields well maintained throughout. But we do restrict grazing in the winter. Yard has off road hacking straight into Epping forest. Yard is lovely a quiet would suit horse that prefers the quieter life. We would need a horse that is happy and friendly to be turned out with two others (1 x 16.3 and 1 x 10hh). Horse to have no vices. Would Ideally be looking for someone that is happy to rotate shifts and do evening shifts at the.
