

Triumph SPRINT ST 2001 (20 GBP)

Location **North, South Wirral**
<https://www.freeadsz.co.uk/x-219831-z>

MOT until March 2016. Last used August 2015 all the way to Newbury, Berkshire and back in a day. Very reliable and fast bike. Always been garaged when not in use, hence the condition overall of the bike is very good. Has been well looked after both by myself and the previous owner, a good clean bike, an example of this model. Only reason for sale is because I am planning to get a Touring bike next spring. It is far too fast for me this particular bike. Although I do have both mirrors in the shed I had to take them off because they are in need of some attention. Unfortunately the battery is now flat so unable to start it up. So if you think to come and view it, please be advised to bring a battery charger or a starter pack. Although I put the price at £2000, it is negotiable within.
