Last chance for this fantastic, every child's dream of a bed. Room for play, or desk, or we had a tiny sofa, or a cot, underneath.

attach photo of structure, fabric 'cottage' goes over the top, like a big Wendy House.

we made it for our daughter, but she is too old and grown up now!

Fabric could be used as a pattern for another idea; space station, castle?

Measurements; Overall height, top of roof to floor 245cms; overall length; 190cms; overall width 97cms.

Length of bed 190, width of bed 88cms.

Must go as soon as possible, please ring with any questions.

We can deliver for an extra tenner, (but not assemble).

All screws and ladder included. Fabric a little crumpled as it has been in the attic for a while, but will look lovely if properly installed! Could deliver for an extra tenner. ;
