Lotus Europa 1971, one owner! Just 30,000 miles, yes 30,000 miles! Been garaged for many years but starts and runs well, we will be MOTing but obviously will need checking over before regular use. Car ordered new by the owner but could not get red so ordered in yellow and had the car resprayed red! The body work would benefit from a respray as is a 40 year old paint, has some micro blistering, some minor cracks but generally very good, interior nice, electric windows work, dash has some cracking, seats nice, door cards good, cosmos wheels in good order, new battery, chassis is original and looks good, engine nice- started after 3 years with fresh petrol! With prices making in excess of £20,000 this car must be a bargain!! With a fresh paint job back to factory yellow it has to be up there or drive as is. The owner is in his 80's now and can't find original manuals but said he will keep looking. Apart from the colour change, this has got to be the most original and unmolested one owner Lotus available! Surely won't be around for long...if it is still here after Christmas we will be painting and selling for the proper money- so grab a christmas!
