MCN said “Every once in a while a sportster comes along that is just right. The 2006 Honda CBR1000RR Fireblade is one of those machines. It delivers polished, glitch-free 180mph potency with almost no effort and yet blends this not just with the expected Honda build quality and class, but also a fat, hum-dinger, wheelie-pulling midrange that makes it more sheer fun than any since the 92 original Honda Fireblade. The latest Honda CBR1000RR Fireblade is quite simply a class act.” This amazing bike represents outstanding value at just £3999! The bike is in great condition and damage free. We will provide 12 months mot and a service for the new owner. It has just had a pair of new tyres fitted, really adding to the value. This bike was imported in 2011. It has a mph speedometer and has clearly been well maintained. We thoroughly inspect all our use bikes before taking them into stock, ensuring all our bikes are of the highest quality. The sound is amazing courtesy of the Yoshimura RS-5 end can, though we do have the standard exhaust for those with a more conservative taste. The bike is supplied with a gel seat as well as the standard and a genuine Honda colour matched pillion cover and pillion pad. To compliment the exhaust a tail tidy has been fitted, finishing off the stunning look. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £3999
