We supplied this immaculate GSX65F new to its 1 mature owner. He had a genuine Suzuki centre stand, R&G frame protectors and a Meta 357T-V2 alarm immobiliser fitted from new, completing the already excellent GSX. With only 287 miles the first service is still to be completed, though this will be included in the purchase price. The bike lived from new in an immaculate heated garage so there is no worries about the care lavished on this lovely machine. The GSX650 is an incredibly versatile machine, suited to the novice, experienced, young and mature rider equally. This amazing flexibility combined with its incredibly low price places it in a class of its own for value and performance. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £4995
