We have owned this van from new and are non smokers nor pet owners. Twin axle, and very spacious with 6 berths, 2 are fixed bunks.

Very good condition with extras to include Aquaroll, Wastemaster, Electric hook up and waste water pipes and a brand new set of loose carpets. There are also two built in DVD players at the end of the two fixed bunks.

The end bathroom boasts a full size walk in shower, full size sink, good sized full length wardrobe, shelving and drawers. The middle kitchen is spacious and the end seating area converts into a large double bed. The dining table and two seaters convert into another single bed with an optional 6th bunk can be made up above this.

There is plenty of cupboard space both high and low.

The on board water tank gives plenty of continuous water.

The settees have always been covered and are like.
