Toy vintage wooden farm buildings with animals. There is a pigsty, barn with blue roof and stabling unit, all of which are in very good used condition for their age. There is also another stabling unit and shed with red roof, which have been well played with and consequently have some damage, please see pictures. There is a mixture of farm animals and people as seen in photos, with no particular brand. The buildings are robust and sturdy. Still in playable condition and great fun for a budding!
