Selmer Super Action 80 Series II Alto Saxophone gold lacquer comes with BAM lightweight rigid case, Selmer S80 C\* mouthpiece and Vandoren Optimum ligature. Only had one owner, recently serviced and bought new from sax.co.uk in 2002. In very good condition, one small ding as shown in pictures in the inside lower bend of the sax (difficult to capture it in the photo as it's so small). Does not affect the sound or the mechanics of the instrument at all. Some light, minor scratches as to be expected from an instrument this age. Played professionally in London. Selling as I'm mainly playing baritone at the moment and need the money to buy another instrument otherwise I would be hanging on to it. Amazing upgrade for the advanced student too. The saxophone retails new for £3435.00, BAM case was £120 new, mouthpiece £107 new and the ligature retails new at £65.55. Total is just under £3730 at new cost - I am asking £2650 for the lot and could throw in a few more extras if desired. See below for more details about the make & model: The "Super Action 80 Series II" alto is without doubt the world's most popular professional alto saxophone. Its very open, harmonically rich sound and excellent projective power make it a particularly versatile instrument.

In classic and jazz, its sound power and wide dynamic range make it the instrument of choice, ideal in the Quartet as well as in larger groups or concert bands. The extremely well-balanced mechanism offers great precision in playing. Available to try in Burgess Hill, Watford and Gloucestershire areas. Contact me directly if you want to know the postage cost to your address. I am happy to post this instrument and package securely but it is at your own.
