Model, Bonneville T100 Spirit, Fuel Type, Petrol, Engine Size, 865cc, Year, 2015, Mileage, 79 Miles, Location, Jack Lilley Romford, Since the 1959 launch of the Triumph Bonneville riders have been customising and making them their own. The new Bonneville Spirit captures the style and effortless cool of the 1950s Bonneville, but of course adds the benefit of up-to-date engineering to create a new classic British twin for the 21st century. The most striking feature is the unique Spirit Blue / New England White paint scheme which adorns the fuel tank and rear mudguard. White stitching has been used to decorate the part-textured seat cover, and contrasts with the Jet Black paint that has been applied to the side panel and front mudguard. In favour of the traditional chrome Triumph badge the latest Triumph script has been used on the fuel tank to maintain to the fresh contemporary feel. Adding to the scheme are a number of components; handlebars, mirror housings, engine covers, wheel rims and hubs, which have been blackened. Stubby silencers from the Bonneville, a compact black headlight from the Scrambler and a rear mudguard from the Thruxton complete the look. This particular machine has also has a Grab Rail, Datatool Alarm and an Adjustable MRA Screen fitted and has covered just 79 (yes, that's right 79) miles from new and so is obviously still in showroom condition. Don't delay, please call for further!
